Rua Tenente Catão Roxo, 2501 - 14051-140
Ribeirão Preto - São Palo

RE: Project entitled: "The biology of Epithelial and Endothelial-Mesenchymal Transition in stem cells and cancer stem cells".

Dr. Wilson Araújo da Silva Jr:

I have reviewed the proposal and I agree to collaborate in the project to establish a Center for Cell-based therapy at the Blood Center of the University of São Paulo in Ribeirão Preto, under the program CEPID-FAPESP.

Sincerely,
